

LITWITS CHALLENGE 2022

You must be signed up at the Chanute Public Library to participate in this challenge

At the beginning of each month families will receive a book. There will be a variety of difficulty. For example, one month might be a chapter book and the next month a picture book. At the end of three months if all three book have been read and all three reviews have been returned each family will receive a prize. After twelve months every family that has read all twelve books and returned all twelve reviews will get a special prize or celebration. Each family should receive twelve books to help build their home library.

If you have a daycare facility and would like to participate you are more than welcome to do so. Each care center facility will receive one book for the daycare provider to read to the children and to build the daycare library. If parents want to participate as a family they need to personally come in and sign up their family at the library.
